# Papermaking with Plants Workshop

Join us in-person to experience papermaking with plants as it was invented over 2000 years ago in China. During this workshop, we will hand beat plant fibers into pulp, form sheets of paper, and finally brush your handmade paper onto glass to dry overnight.

This workshop is fully funded by the Ontario Arts Council and the Government of Ontario with support from the Belleville and Quinte West Community Health Centre.

Supplies are provided.

Space is limited. For more information or to reserve a space, please call BQWCHC at 613-965-0698 and press 0 for reception.
