Belleville and Quinte West Community Health Centre

# Wound/Foot Care Nurse

Belleville and Quinte West Community Health Centre (BQWCHC)

**Permanent Part Time Contract (0.6 FTE) & Temporary Part Time Contract (0.4 FTE to March 31, 2027)**

$27.98-$34.01/hourly

**Job Summary:** The Wound/Foot Care Nurse (WFCN) is a primary health care practitioner who demonstrates advanced clinical assessment, clinical judgment and evidence-informed intervention in the prevention and management of wounds and vascular or structural complications of the foot and lower leg, with the goal of reducing the risk of amputation. Using a holistic, person-centred and culturally responsive approach, the WFCN provides wound and foot care services to people living with diabetes and other chronic diseases across the Quinte area. The WFCN applies strong communication, education, collaboration and care-coordination competencies to support client self-management, works effectively with internal teams and community partners, and delivers foot-care education and health-promotion activities, as required.

**Why work here:**

- Monday-Friday
- Employer Paid Benefits
- HOOPP Pension
- Collaborative Team Culture
- Values Driven Decision Making
- Trauma-Informed Approach

**Key Areas of Responsibility:**

- Conducts comprehensive, person-centred assessments of clients' foot and lower-leg health, considering clinical findings, chronic conditions, functional needs, social determinants of health and risk factors for complications.
- Applies specialized knowledge and evidence-informed clinical judgment to prevent, identify and treat diseases, dysfunctions, wounds and disorders of the foot and lower leg within the nurse's scope of practice.
- Practices ethically, professionally and accountably in accordance with BQWCHC policies, applicable legislation, professional standards and the requirements of the College of Nurses of Ontario.
- Develops and delivers accessible, responsive education and health-promotion activities that strengthen client knowledge, support self-management and address complex foot-care needs.
- Monitor wound and foot care supplies, anticipates service requirements and participates in ordering and inventory management to support safe, efficient and uninterrupted.
- Reprocesses clinical equipment in accordance with established infection prevention and control requirements, manufacturer instruction and organizational procedures to promote client and staff safety.
- Integrates health promotion principles and an understanding of the social determinates of health into clinical practice, client care and service delivery.
- Identifies clients who would benefit from CHT programs, services and community resources, and facilitates appropriate referrals and connections to support holistic care.

*A copy of the full job description is available upon request.*

**Qualifications:**

- Diploma in Practical Nursing from a recognized post-secondary institution.
- Current registration in good standing with the College of Nurses of Ontario.
- Advanced Wound Care education with demonstrated knowledge of evidence-informed wound management and practices, including conservative debridement, arterial brachial index assessment, up-to-date awareness of wound dressings and off-loading devices and techniques...
